ribeye 配肉眼牛肉 \$198

Pad Thai is a stir-fried rice noodle dish commonly served as a street food and at casual local eateries in Thailand.

20th century prime minister Plaek Phibunsongkhram promoted pad Thai in his campaign to establish Thai nationalism.

Thailand was a main exporter of rice, and the government hoped to increase the amount available for export.

Pad Thai was made popular in Thailand during World War II. Pad Thai has since become one of Thailand's national dishes.
